STATEMENT

38

39 This bill appropriates \$20 million to grant loans to developers of
40 certain affordable housing projects which qualified for a credit

1 award through the federal Low Income Housing Tax Credit
2 Program (LIHTC). New Jersey's LIHTC allocation is administered
3 by the Housing and Mortgage Finance Agency (HMFA). The bill
4 also includes a language provision requiring the Executive Director
5 of the HMFA to establish an application process and criteria for
6 determining whether a developer is eligible for a project financing
7 gap loan.

8 Due to the economic effects of the COVID-19 pandemic, the cost
9 of building materials increased substantially, leaving many
10 affordable housing projects with project financing gaps.

11 This bill seeks to diminish the financing gap by providing
12 funding to the HMFA to grant loans to projects awarded tax credits
13 pursuant to the federal Low Income Housing Tax Credit program
14 (LIHTC) if the project developer can demonstrate that the
15 developer's project financing gap was caused by the increased cost
16 of building materials.
